SPOTIFY DATA ANALYSIS - RHYTHMIQ PROJECT

MUSIC & ENTERTAINMENT DOMAIN

ARTIST

SONG

OVERALL PROJECT DESCRIPTION – SPOTIFY DATA ANALYSIS:

This project analyses Spotify's music dataset to uncover trends in artist performance, genre popularity, and streaming patterns. The dashboards provide a comprehensive view of how tracks perform across key metrics such as streams, likes, popularity, and audio features. By visualizing top artists, genre distribution, monthly trends, and audio characteristics, this analysis helps understand what drives listener engagement on Spotify.
